Home Learning Reception

Week 2

Please continue to use the additional sheets that you collected in your home learning pack last week. We will put together another pack for next week to collect on Friday.

Phonics - This week we are beginning to introduce phonic videos for your children to use. The children can access these independently and we will be teaching them reading one day and writing the following day. There is no additional work involved but please make sure the children have pencil and paper to work with the teacher.
